Civics have decided to guess again on one of their candidates. But their endorsement of Poepe for Purity still stands.

Curtis laukea's speech as published in the Advertiser indicates that he is willing to accept as his anything they write out for him.

The job Curtis now has on his hands is to make the people believe he ever invented what his new-found friends put in his mouth.

Wrecking the Republican party is the only purpose the Anti-Saloon Leaguers can serve by their program. They will get a beautiful array of information from Republican opponents!

Why not call an American conference of all interests threatened by Cuban annexation? There is enough of them, and unity must characterize all successful action.

Do the Anti-Saloon Leaguers believe that a saloon is quite right when it is harveyized? That is what their efforts go to prove. But the rank and file of the voters will not support hypocrisy.

What gobs of sound have followed the exposure of the campaign of misrepresentation. W. O. Smith laid them cold on the booze issue and the Civic Federation begins to wonder whether saloon-owners are the men to put in charge of saloon reformation.

## KEEP WATCH OF CUBA.

Though Hawaii is deeply interested in its local politics, it should not forget the Cuban situation, the campaign for annexation and what it means to the industry of these islands.

The Washington correspondent of the London Times in a letter to his paper dealing with Cuban intervention made the following statement which goes to confirm what our citizens have believed exists notwithstanding the failure of the mainland press to generally give prominence to such a view. He says:

"The men, it is asserted, who really devised this insurrection, who organized it, who financed it, and who have, from a safe place in the United States, developed it to its present ominous proportions, have far different views and aims than these. Their intention is, and has been from the first, to provoke intervention by the United States, and then to have that lead to annexation."

These men are not Cubans at all, or most of them are not, but Americans, chiefly having their offices in New York. Some of them have long been interested in Cuban lands, tobacco factories, and sugar plantations. Most of them, however, have acquired such interests since the Spanish war of 1898. They have secured large tracts of land in Cuba, and have organized all sorts of development companies, sugar companies, rubber companies, and what not. Some of these enterprises are of a very dubious character, and, under a stable native Government of the island, would prove

## Recommends Pe-ru-na Highly.

Miss Marie L. Meunier, 905 Ontario street, Montreal, P. Q., Can., writes: "I take pleasure in stating that I have been cured of catarrh by Peruna. This disease made my life miserable, especially in the morning, when I had to cough and spit and make every effort to clear my throat and air passages. This remedy cured me promptly and I recommend it most highly to persons afflicted with this terrible disease."

## Health Restored By Pe-ru-na.

Miss Della Stroebe, 710 Richmond street, Appleton, Wis., writes: "For several years I was in a run-down condition, and I could find no relief from doctors and medicines. 'I could not enjoy my meals and could not sleep at night. 'I had heavy dark circles about the eyes. My friends were much alarmed. 'I was advised to give Peruna a trial and to my joy I began to improve with the first bottle. 'After taking six bottles I felt completely cured. 'I cannot say too much for Peruna as a medicine for women in a run-down condition."

## Pe-ru-na For General Debility.

Mrs. M. W. Seffel, 212 Matagorda St., San Antonio, Tex., writes: "I have used Peruna for general debility and have found it very beneficial. 'I was troubled with catarrh of the throat particularly and suffered considerably as a result thereof for a period of about five years, and my general health was affected. 'Three years ago I was forced to give up business, and took up my residence in the Western country, looking for relief in a change of climate as well as a change in the method of treatment for my ailment. 'I had known of Peruna before, but my belief seemed to lie in private treatment. 'After much expense, both here and in the West, I was induced by a friend in Chicago to try Peruna. 'I began the use of same whilst there and continued it for about five weeks, at the end of which time I returned to New York, both well and happy."

## "I am now no longer taking Peruna, but, if the necessity should arise, I shall remember its friendship."

"Furthermore, I shall always be pleased to speak a word in favor of this excellent remedy."

## Pe-ru-na Recommended For Coughs and Colds.

Prince Jonah Kalaianaoale, 1322 K street, N. W., Washington, D. C., Delegate in Congress from Hawaii, writes: "I can cheerfully recommend your Peruna as a very effective remedy for coughs, colds and catarrhal trouble."

Miss Theresa A. Lund, Sec'y Alpha Lodge, No. 1103, M. B. A., Marinette, Wis., writes: "I have used your Peruna for catarrh and have found it to be all that you claim for it. I cheerfully recommend Peruna to any one suffering from catarrh, as I believe that, as in my case, it will prove a sure cure."

"A friend suggested that I try Peruna and I did so. I began to improve very rapidly and I kept right on using it. In four months my lungs were all healed and my cough all gone."

"I feel that much of the credit is due to Peruna and I am pleased to endorse it."

For free medical advice, address Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

"I had to come here on account of lung trouble and found that my recovery was very slow."

## The Utmost Confidence in Pe-ru-na.

Hon. C. C. Brooks, Mayor of Sunbury, Ohio, also Attorney for Farmers' Bank and Sunbury Building & Loan Co., writes: "I have the utmost confidence in the virtue of Peruna. 'It is a great medicine. 'I have used it and I have known many of my friends who have obtained beneficial results from its use. 'I cannot praise Peruna too highly."

For special directions everyone should read "The Ills of Life," a copy of which surrounds each bottle. Peruna is for sale by the following druggists and will supply the retail trade in Honolulu, Hawaii: Benson, Smith & Co., Hobron Drug Co., Honolulu, Hawaii.

Colds in Head, Throat and Chest. Mrs. Lucy Hoey, 5716th Ave., Brooklyn, N. Y., writes: "I am thoroughly convinced that Peruna is everything that it is said to be. 'It cured me of a cold which hung on for over two months and which had me greatly worried. Peruna, though, acted like magic and I earnestly recommend it to all sufferers."

The enterprising schemers who are promoting this plan were much disappointed when, in 1898, at the beginning of the Spanish war, Congress specifically declared that Cuba would not be annexed, but would be left to the government of its own people. They tried hard to have that pledge re-

profitable. But the promoters of them want larger profits than could thus be reaped. They know that, if the island were annexed to the United States, the value of their lands and the profits of their business would be increased many fold. For then Cuba would be brought within the pale of the Dingley tariff. Cuban tobacco, sugar, and other products would enter the American markets duty free. American manufactures would similarly enter Cuba free, and there would be a high tariff wall against all the rest of the world.

When the treaty of peace was made; but in vain. But they then openly boasted that, while Cuba might be made independent for a time, its independence would not last. It would not be permitted to last. So they have been plotting and intriguing diligently to produce a state of affairs which would compel the United States to intervene for the restoration of order in the island, and which would make it seem necessary for the United States to establish permanent control over the island for the maintenance of peace. Of this intention they have made no secret. Before the present insurrection began, American speculators interested in Cuban lands were openly saying, in Washington and in New York, that there would soon be an uprising in that island, so serious as to require American intervention.

## ADVERTISER AND ITS CANDIDATE

[Advertiser Nov. 4, '04]

"Iaukea is an unstable, vacillating man who has belonged to all three parties in a year and cannot be depended upon to move in any given political direction if the wind changes. He has confessed to having indehible spots on his record. But his most serious fault as a Delegate in Congress would be his blind, unreasoning hatred of white men and white men's measures."

"There is an element in our party who thinks that politics has no place here. I am not of that creed."—Curtis laukea in a letter written Aug. 18, 1902, while he was yet a Republican.

"Has the Democratic party ever done anything?"—Curtis laukea in a speech at the Honolulu Iron Works Thursday noon, Oct. 25, 1906.

Hawaii. One of the impersonal statements given out at Washington which is represented as accurately outlining the policy of the Administration, reads as follows:

"Cuba must have another chance. Annexation is not to be thought of in this moment. We must regard the republic as a car which has been overturned, and we must put our shoulders to the axle, restore it to its wheels, and start it off again under the control of a competent engineer."

"In the shortest possible time, consistent with the restoration of order, elections will be held, and when they are finished American troops will be withdrawn. It is impossible now to say when these elections will take place. If the

country is perfectly quiet, and the revolutionists disband immediately the call will be issued at once, within a short time."

"The President does not want to remain in Cuba any longer than absolutely necessary. It cannot be stated yet whether the United States will supervise the elections or not. What the President would prefer is that the Cubans follow the American example and station representatives of both parties at the polls."

"If in the long run it proves impossible to prevent revolution succeeding revolution, why, then the United States will have to take and administer Cuba in some shape or manner. We are not up to such a course now. We feel we owe it to ourselves, we owe it to Cuba, we owe it to South America and we owe it to the world to give Cuba one chance more. We want the people of South America to understand that when we say anything we mean it. 'President Roosevelt would no more lie in diplomacy than he would in private life, and if we were to annex Cuba at this time, South America would consider that Secretary Root, in the name of the United States, deliberately had sought to deceive it."

This statement is no doubt what it is represented to be. And it is of a character to give Hawaii confidence. The Bulletin correspondent writes along the same line. Nevertheless it is not to be questioned that the people to whom the London Times refers are still at work,
